

Medtronic Announces Closing of Public Offering of Senior Notes; Acceptance of Tendered Notes; and Redemption of Certain Senior Notes

March 7, 2019

DUBLIN - March 7, 2019 - Medtronic plc (the "Company") (NYSE:MDT) today announced that its wholly-owned subsidiary Medtronic Global Holdings S.C.A. ("Medtronic Luxco") has closed a registered public offering (the "Offering") of €500,000,000 principal amount of Floating Rate Senior Notes due 2021, €1,500,000,000 principal amount of 0.000% Senior Notes due 2021, €1,500,000,000 principal amount of 0.375% Senior Notes due 2023, €1,500,000,000 principal amount of 1.125% Senior Notes due 2027, €1,000,000,000 principal amount of 1.625% Senior Notes due 2031 and €1,000,000,000 principal amount of 2.250% Senior Notes due 2039 (collectively, the "Notes"). All of Medtronic Luxco's obligations under the Notes are fully and unconditionally guaranteed by the Company and Medtronic, Inc. ("Medtronic, Inc."), a wholly-owned indirect subsidiary of Medtronic Luxco, on a senior unsecured basis.

The net proceeds from the Offering will be approximately €6.9 billion, after deducting estimated underwriting discounts and commissions and expenses related to the Offering payable by Medtronic Luxco. The net proceeds of the Offering will be used to fund the previously announced tender offers (the "Tender Offers") for several series of outstanding notes issued by Medtronic, Inc. and Covidien International Finance S.A. ("CIFSA"), a wholly-owned indirect subsidiary of Medtronic plc (together with Medtronic, Inc., the "Offerors"), and to pay accrued and unpaid interest, premiums, fees and expenses in connection with the Tender Offers. Any remaining net proceeds of the Offering will be used for repayment of Medtronic Luxco's 1.700% senior notes due 2019 at maturity on March 28, 2019 plus accrued and unpaid interest thereon, for payments to be made in connection with the redemption of the Redemption Notes as discussed below and for general corporate purposes.

The Tender Offers were subject to a financing condition, which condition was satisfied by the closing of the Offering. Following the closing of the Offering, the Offerors accepted for purchase \$2.1 billion in aggregate principal amount of the "Any and All Notes" validly tendered and not validly withdrawn on or before 5:00 p.m., New York City time, on March 5, 2019 (the "Early Tender Deadline") and approximately \$3.8 billion in aggregate purchase price (excluding accrued and unpaid interest to, but not including, the applicable settlement date and excluding fees and expenses related to the Tender Offers) of the "Maximum Tender Offer Notes" validly tendered and not validly withdrawn on or before the Early Tender Deadline, in each case, in accordance with the press release regarding the pricing terms of the Tender Offers issued on March 6, 2019 (the "Pricing Press Release"). All payments for the Any and All Notes and the Maximum Tender Offer Notes (collectively, the "Tender Offer Notes") purchased in connection with the Early Tender Deadline will also include accrued and unpaid interest on the principal amount of Tender Offer Notes tendered up to, but not including, the early settlement date, which is currently expected to be March 11, 2019.

Although the Tender Offers are scheduled to expire at 12:00 midnight, New York City time, on March 19, 2019 (one minute after 11:59 p.m., New York City time, on March 19, 2019), or any other date and time to which the applicable Offeror extends such Tender Offer, because holders of Maximum Tender Offer Notes subject to the Tender Offers validly tendered and did not validly withdraw Maximum Tender Offer Notes on or prior to the Early Tender Deadline for which the aggregate consideration payable exceeds the Aggregate Maximum Purchase Price, the Offerors do not expect to accept for purchase any tenders of Maximum Tender Offer Notes after the Early Tender Deadline. Holders of Any and All Notes who validly tender such notes following the Early Tender Deadline and at or prior to the applicable expiration date will only receive the applicable Tender Offer Consideration for such Notes accepted for purchase, which is equal to the applicable Total Consideration minus the applicable Early Tender Premium, each as described in the Pricing Press Release.

Today, the Company also announced that it intends to redeem the remaining \$0.7 billion in aggregate principal amount of Medtronic, Inc.'s 2.500% Senior Notes due 2020 and \$0.2 billion in aggregate principal amount of CIFSA's 4.20% Senior Notes due 2020 (collectively, the "Redemption Notes") that were not validly tendered on or before the Early Tender Deadline and accepted for purchase, in each case at the redemption prices specified in, and otherwise in accordance with, the indentures governing such Redemption Notes. The redemption date for the Redemption Notes will be April 6, 2019.
